

FAX COVER

TO: Examiner Yogesh Garg

FROM: Bao Tran

Attached please find a change of correspondence address. We got your faxed advisory action and noticed it had the incorrect application number and inventor. Perhaps this is why we never received it.

At any rate, please reset the mailing date so that we can respond.

Thank you.

Bao Tran

*Mr. Tran inform me
to request formally to
USPTO to reset the mailing date
and also to change in person
